Careers Guide

ARUP

ARUP

You see the world through a unique lens and that's exactly what we need.

We embrace how you see things differently – it's essential for creating a sustainable future. With your ideas and thinking we can solve the most complex challenges facing our clients, climate and communities.

Digital

Holistic learning

- Develop your technical skills by working alongside experienced specialists and on projects.
- Access formal training via our Early Careers team, Arup University and Global Skills Networks.
- Receive support for chartership, professional qualifications and associate memberships.

20-month experience

- Choose from two intakes: March or September.
- Access permanent, ongoing employment for graduates after programme completion.

Connect online or in person

- Participate in social, cultural and educational events.
- Join member networks, such as Emerging Professionals and our LGBTQIA+ community.

Eligibility requirements

To apply, candidates must:

- Have full working rights in the country of application.
- Complete their studies before the programme starts.
- Be available to begin on or before the first day of the programme.
- Have no more than 12 months of full time experience in a similar role.

"Arup values how I see things differently, supporting innovative approaches in sustainability, advanced technologies and new ways of working with clients."

Erisha ChandGraduate Electrical Engineer, Sydney
